

UxC: Company Background

UxC, LLC (UxC) is one of the nuclear industry's leading market research and analysis companies. UxC offers a wide range of services spanning the entire nuclear fuel cycle with a special focus on market-related issues. UxC was founded in March 1994 as an affiliate of The Uranium Exchange Company (Ux) in order to extend and provide greater focus to Ux's analytical and information services capabilities. Over time, UxC has taken over these functions and now publishes the *Ux Weekly* and *Market Outlook* reports on [uranium](#), [enrichment](#), [conversion](#), and [fabrication](#), and [nuclear power](#), as well as publishing the industry standard Ux Prices, referenced in many fuel contracts. In 2007, UxC extended its coverage of the back end of the nuclear fuel cycle by acquiring the SpentFUEL and StoreFUEL publications.

Publications are the primary focus of UxC's activities, but UxC's team of experts also provide a vast array of custom services for clients in all areas of the nuclear energy markets. In addition, UxC also prepares [special reports](#) on various topics, as well as provides data services, such as nuclear fuel price indicator reporting, including support for the CME/NYMEX UX uranium futures contract. Given our industry experience, strong analytical skills, comprehensive data, and our team of external consultants, UxC is poised to provide the most complete research, analysis, and in-formation services in the nuclear fuel industry and related nuclear power sectors.
