Description

Strategic Communications is delighted to be scheduling our 4th Asian Nuclear Power Briefing 2016 Tokyo from 30-31st March 2016. We are fortunate to once again be able to confirm Lady Barbara Judge, CBE, Chairman Emeritus, UK Atomic Energy Authority/ Chairman, The Energy Institute of UCL, Deputy Chairman, TEPCO Nuclear Reform Monitoring Committee to chair the 2-day briefing. We are very happy to be able to confirm that Mr Hirohide Hirai, Director General of the Ministry of Economy, Trade and Industry of Japan will be delivering the Opening Keynote Address and Mr Naomi Hirose, President of TEPCO will present a Keynote Address.

Apr 4-6, 2016 **World Nuclear Fuel Cycle**

Location

Ritz-Carlton Abu Dhabi Abu Dhabi, UAE

Sponsor

NEI & WNA

Description

The objective of WORLD NUCLEAR FUEL CYCLE 2016 Conference is to provide an international forum for the discussion of issues affecting the commercial nuclear fuel cycle, with a focus on enhancing the economic competitiveness of the nuclear fuel cycle and nuclear energy. Leading industry experts will provide information and insights that will help you and your company navigate successfully through the complex and changing fuel marketplace.

Apr 14-15, 2016	International SMR, Advanced Reactor, and Nuclear Construction Summit		
	Location	Twelve Hotel Atlantic Station, Atlanta, GA	
	Sponsor	Nuclear Energy Insider	
	Contact	Siobhan O'Meara	
	Description	The largest meeting place for international SMR and advanced reactor professionals is back for it's sixth year and is bigger than ever. Bringing together over 200 key decision makers from the industry's major buyers, technology designers, service providers and regulatory bodies, the Summit provides the platform to tackle these primary global deployment challenges. Returning for its seventh year, the Nuclear Construction Summit will once again bring together a global delegation of nuclear construction experts to discuss new build projects from across the world. Condensed into one full day, and taking place alongside the International SMR and Advanced Reactor Summit, this is the only event you need to attend to meet with and learn from the current and future leaders of nuclear new build.

Sessions in the following areas are planned: Dry cask storage Cumulative Burden Reduction and Licensing Process Improvements Management of emerging and ongoing used fuel storage and transportation technical and regulatory issues Waste Confidence and Extended Storage U.S. used fuel management policy Consolidated interim storage, Disposal and transportation of used fuel Dry Storage Operating Experience	

May 18-19, 2016 4th Annual Asia Nuclear Business Platform

Location

Asia World Expo Center - Hong Kong

Sponsor

Industry Platform

Contact

Zaf Coelho

Description

Asia Nuclear Business Platform (ANBP) is developed by the industry for the industry and has been helmed by an international Advisory Board comprising of over 20 senior nuclear experts. The Board is responsible in developing the agenda and objectives of the meeting. What has made the event truly remarkable is the diversity of the participants with key people from across the global nuclear supply chain which provided an excellent opportunity for networking. The likes of reactor vendors, financial institutions, and international energy agencies were present and they were complimented by senior decision-makers from countries embarking and planning for nuclear in Asia. This is a dynamic event which should not be missed if you want to get a full global (and especially Asian) update on the nuclear industry.

Sara Muggeridge

Description

Heading into its eleventh consecutive year, the AusIMM International Uranium Conference continues to be the premier event within the uranium industry. The AusIMM International Uranium Conference 2016 presents a highly relevant and valuable conference program including outstanding keynote speakers and highly experienced industry experts. Covering all areas of the sector, such as exploration, development, production, environmental, health & safety and political aspects, the program is sure to please. The conference will follow the release of a final report from the Royal Commission review of the nuclear fuel cycle in South Australia, generating significant interest and excitement around the industry. The AusIMM International Uranium Conference 2016 offers the latest technical updates, industry insights and the opportunity to look towards the future of the uranium industry with renewed optimism.

Jun 28-30, 2016 UxC Nuclear Fuel Training Seminar

Location

InterContinental Buckhead, Atlanta, GA

Sponsor

UxC, LLC

Contact

Eric Webb

Description

Following over a decade of successful seminars focused on utility nuclear fuel procurement, UxC has decided to create its new Nuclear Fuel Training Seminar starting in 2016. All participants in the nuclear fuel markets require up-to-date knowledge and unbiased insights in order to formulate effective strategies either for procurement, sales efforts, investment activities, or other related objectives. This seminar is designed to assist you in achieving these goals by providing an advanced understanding of factors affecting nuclear fuel demand, market price formation, supply source availability, supplier motivations, and utility contracting practices.

Jul 10-13, 2016 U.S. Women in Nuclear (WIN) Conference

Location

Sheraton/Le Meridien Charlotte, Charlotte, NC

Sponsor

NEI

Contact

Arika Johnson

Description

The 2016 U.S. Women in Nuclear conference is ideal for individuals working in any aspect of nuclear energy, science and technology throughout the United States. The conference provides perspectives from national authorities on key issues, as well as ample professional development opportunities for attendees. About U.S. WIN: U.S. Women in Nuclear is the premier network of more than 8,000 women and men who work in nuclear- and radiation-related fields around the country. To find out more about U.S. WIN, please visit the group's Web site at www.winus.org.

Jul 19, 2016 Nuclear Fuel Supply Forum

events@world-nuclear.org

Description

As World Nuclear Association membership has grown to encompass almost every enterprise in the global nuclear industry, the annual World Nuclear Association Symposium has established itself as the industry's foremost international meeting, attracting an attendance of over 600 leaders and specialists from more than 30 countries. The Symposium is also drawing increased attention from non-industry professionals who recognize nuclear power's central importance in securing our world's energy and environmental future.

Sep PATRAM 2016

18-

23, **Location**

2016 Kobe Portopia Hotel; Kobe, Japan

Sponsor

The Japan Society for Mechanical Engineers

Description

PATRAM, the International Symposium on the Packaging and Transportation of Radioactive Materials, is a series of symposia that brings together worldwide experts from governments, industries, and research organizations to exchange information on all aspects of packaging and transportation of radioactive materials. The Symposium has become the premier forum on these issues and is the only meeting in the world devoted entirely to this subject. This international exchange is one of the essential components to enhance the professionalism and international cooperation on radioactive materials packaging and transportation. The Symposium takes place every three years alternately in the United States and a non-U.S. location. The 18th symposium PATRAM 2016 in Japan is hosted by the Japan Society of Mechanical Engineers (JSME) and co-hosted by the Atomic Energy Society of Japan (AESJ) under the auspices of the Nuclear Regulation Authority (NRA), the Ministry of Land, Infrastructure, Transport and Tourism (MLIT) and the Agency for Natural Resources and Energy (ANRE) of the Japanese government, and in cooperation with the International Atomic Energy Agency (IAEA), the Institute of Nuclear Materials Management (INMM) and the World Nuclear Transport Institute (WNTI).

Shannon Andrade

Description

This two-day exhibition focuses on the future of India's growing nuclear power program. The India Nuclear Energy 2016 conference is co-partnered and endorsed by India's Department of Atomic Energy, and provides participants with direct access to nuclear power plant authorities from the procurement, project, R&D, and maintenance sectors for business and technical discussions.

Oct 4th European Nuclear Power Briefing 2016

25-
26,
2016**Location**

KPMG, Canada Square, London

Sponsor

Strategic Communications

Contact

Christina Logan

Description

The 4th European Nuclear Power Briefing 2016 will take a realistic view of where the current global nuclear power industry is, its fast changing energy landscape and where nuclear power stands as part of the future global energy mix. The briefing will address the challenges, finance options, improving public acceptance and understanding, innovative reactor technology and the continued opportunities to be had in investing and developing nuclear new build.

Nov The 24th WiN Global Annual Conference

20-
23,
2016**Location**

Fairmont Bab Al Bahar Hotel, Abu Dhabi, United Arab Emirates

Sponsor

Women in Nuclear (WiN) Global / World Nuclear Association

Description

WiN Global's Annual Conference provides a unique occasion for the Women in Nuclear (WiN) Global community to meet. Each year one of the WiN Chapters proposes, in cooperation with the Board, a program composed of WiN General Assembly, technical conferences, workshops, and technical and cultural tours where global members can experience an overview of the host country. National delegates have the opportunity to present their Country Report of an overview of the nuclear situation in their countries and the achievements of their WiN Chapters. Usually, the WiN Award is presented during this event. For the WiN Global community, this is a unique occasion for networking, learning from each other and friendship.
