UxC Price Reporting & News Publication

UxC's Price Reporting is provided as a subscription to its clients of specific services. Any information provided on this website is done so as a courtesy to the public.

Please note that Ux Prices are **delayed** on the public website by up to 72 hours. Price updates are made on the [Subscriber Services](#) site on Monday evenings and an extensive version of UxC Headline News is updated daily.

Please note that UxC also publishes month-end **long-term prices** for both **uranium**, **conversion**, and **enrichment**. These prices are available on UxC's Subscriber Services website. Please Contact Eric Webb for more information.

Ux Price Indicator Definitions

The Ux Spot Prices indicate, subject to the terms listed, the most competitive offers available for the respective product or service of which The Ux Consulting Company, LLC (UxC) is aware, taking into consideration information on bid prices for these products and services and the timing of bids and offers as well.

compatibility examination

- Fuel loading completed at Genkai 3
- Macron open to new reactors in France

- CNSC to review Westinghouse and NuScale SMR designs
- Former Energy Secretary Moniz joins Southern Co. and Terrestrial Energy boards
- DOC issues findings on Section 232 report on steel and aluminum
- Uranium One reports 2017 production of ~13.3 million pounds U₃O₈, up 4% over 2016
- Paladin Energy relisted on ASX; reports quarterly production at Langer Heinrich
- Fission Uranium issues updated resource estimate for PLS Triple R deposit
- Rio Tinto acquires C Block uranium properties from Pistol Bay
- Azincourt signs LOI for Macusani-Cuzco project
- The Market

- The **Ux U₃O₈ Price** (Spot) includes conditions for delivery timeframe (<=3 months), quantity (>=100,000 pounds), and origin considerations, and is published weekly.
- †The **Ux U₃O₈ Monthly Average Price** (Spot MAP) represents the average of all weekly Ux U₃O₈ Prices for the month.
- The **Ux 3-Year** and **5-Year U₃O₈ Forward Prices** reflect UxC's estimate of prices for U₃O₈ delivery 36 and 60 months forward taking into account market activity and other indicators, using the same quantity and origin specifications as the Spot indicator.
- The **Ux LT U₃O₈ Price** (Long-Term) includes conditions for escalation (from current quarter), delivery timeframe (>= 36 months), and quantity flexibility (up to ±10%) considerations.
- The **Ux Conversion Prices** consider offers for delivery up to twelve months forward (Spot) and base-escalated long-term offers (LT) for multi-annual deliveries with delivery in North America (NA) or Europe (EU).
- The **Ux NA UF₆ Price** includes conditions for delivery timeframe (<=6 months), quantity (>=50,000 kgU), and delivery considerations.
- §The **Ux NA and EU UF₆ Values** represent the sum of the component U₃O₈ (multiplied by 2.61285) and conversion spot prices as discussed above and, therefore, do not necessarily represent the most competitive UF₆ spot offers available.
- The **Ux SWU Price** (Spot) considers spot offers for deliveries up to twelve months forward for other than Russian-origin SWU.
- The **Ux LT SWU Price** (Long-Term) reflects base-escalated long-term offers for multi-annual deliveries.

All prices, except for the weekly Ux U₃O₈ Price, are published the last Monday of each month. (Units: U₃O₈ = US\$ per pound, Conversion/UF₆: US\$ per kgU, SWU: US\$ per SWU)

The Ux Prices represent neither an offer to sell nor a bid to buy the products or services listed.

†Euro and other currency price equivalents are based on exchange rate estimates at the time of publication and are for comparison purposes only.
