UxC Price Reporting & News Publication

[UxC's Price Reporting](#) is provided as a subscription to its clients of specific services. Any information provided on this website is done so as a courtesy to the public.

Please note that weekly Ux Prices are **delayed** on the public website by up to 72 hours and now require a free [UxC Account](#) to view. UxC daily prices are only made available to paid subscribers. Price updates are made on the [Subscriber Services](#) site on Monday evenings and an extensive version of UxC Headline News is updated daily.

Please note that UxC also publishes month-end **long-term prices** for both **uranium, conversion,** and **enrichment**. These prices are available on UxC's Subscriber Services website. Please Contact Eric Webb for more information.

Ux Price Indicator Definitions

Ux Spot Prices indicate, subject to the terms listed, the most competitive offers available for the respective product or service of which UxC, LLC is aware, taking into consideration information on

bid and transaction prices as well as the timing of bids, offers, and transactions (with a cut-off time of 2:30pm Eastern Time).

- The **Ux U₃O₈ Price**[®] (Spot) includes conditions for delivery timeframe (≤ 3 months), quantity ($\geq 100,000$ pounds U₃O₈), and origin considerations.
- The spot **Ux U₃O₈ CMC, CVD, and ORO Prices** reflect UxC's determination of prices for U₃O₈ delivery at the specified delivery location taking into consideration bids, offers, and market activity, using the same delivery time period, quantity, and origin considerations as the Ux U₃O₈ Price indicator, and are published daily (excluding certain U.S. holidays). The **CMC** [Cameco], **CVD** [ConverDyn], and **ORO** [Orano] naming conventions represent individual book transfer delivery locations. Please note that the use of company names as part of the delivery location naming convention represents neither an endorsement by the respective companies nor by UxC.
- †The **Ux U₃O₈ Monthly Average Price** (Spot MAP) represents the average of all Monday Ux U₃O₈ Prices for the month.
- The **Ux U₃O₈ 3-Year and 5-Year Forward Prices** reflect UxC's estimate of prices for U₃O₈ delivery 36 and 60 months forward taking into account market activity and other indicators, using the same quantity and origin specifications as the Spot indicator.
- The **Ux LT U₃O₈ Price** (Long-Term) includes conditions for escalation (from current quarter), delivery timeframe (≥ 36 months), and quantity flexibility (up to $\pm 10\%$) considerations.
- The **Ux Conversion Prices** consider offers for delivery up to 12 months forward (Spot) and base-escalated long-term offers (**LT<**) for multi-annual deliveries of conversion services with delivery in North America (**NA**) or Europe (**EU**).
- The **Ux NA UF₆ Price** includes conditions for delivery timeframe (6 months), quantity ($\geq 50,000$ kgU as UF₆), and delivery considerations.
- ‡The **Ux NA and EU UF₆ Values** represent the sum of the component U₃O₈ (multiplied by 2.61285) and conversion spot prices as discussed above, and therefore do not necessarily represent the most competitive UF₆ spot offers available.
- The **Ux SWU Price** (Spot) considers spot offers for deliveries of SWU up to 12 months forward.
- The **Ux LT SWU Price** (Long-Term) reflects base-escalated long-term offers for multi-annual deliveries of SWU.

The Ux U₃O₈ Price is published daily (excluding certain U.S. holidays), the Ux Forward Prices are published every Monday, and all other Ux Price indicators are only published on the last Monday of each month. All Ux Month-End Prices are as of the last Monday of each month. (Units: U₃O₈: US\$ per pound, Conversion/UF₆: US\$ per kgU, SWU: US\$ per SWU)

Ux Prices represent neither an offer to sell nor a bid to buy the products or services listed.

†The currency price equivalents are based on exchange rates sourced from <http://www.xe.com/> at the time of publication and are for comparison purposes only.
