

# UxC Nuclear Fuel Training Seminar

## Mastering Market Principles & Developing Effective Strategies

### Advanced Fuel Market Training

For the past 20 years, global market participants have joined UxC's Nuclear Fuel Training Seminars. As the nuclear fuel markets continue to experience many changes, all market participants require up-to-date knowledge and unbiased insights to formulate effective strategies for procurement, sales, investment, or other nuclear fuel-related objectives.

UxC's Seminar provides an advanced understanding of the factors affecting nuclear fuel demand, market price formation, supply source availability, supplier motivations, utility contracting practices, as well as policy and financial issues affecting the markets.

UxC's Nuclear Fuel Training Seminar has become a go-to industry event for the nuclear industry. Not only do participants gain access to the latest market insights from UxC experts, but the Seminar also provides unparalleled networking and professional development opportunities.

#### Upcoming Seminar Dates

Atlanta, Georgia  
**June 24-27, 2024**

Vienna, Austria  
**TBA 2025**

## Seminar Overview

The UxC Nuclear Fuel Training Seminar follows a unique format that takes place over a three-day period.

- The first day is devoted to an examination of current market and industry trends for the uranium, conversion, enrichment, and fabrication sectors, as well as presenting supply and demand outlooks, price forecasts, inventory holdings, and other key factors and trends affecting each market segment. Forecasts are presented and discussed for each of the four front-end markets and historical perspectives are incorporated to provide attendees with UxC's distinctive views of the nuclear fuel markets.
- The second day provides an in-depth discussion of critical market issues, such as price reporting and the latest practices in buying and selling, as well as key policy issues affecting the markets. UxC experts will be on hand to provide their perspective and experience on important topics affecting the nuclear fuel cycle.
- On the third day, the seminar shifts to group discussions and role-playing exercises to allow participants to put their newly gained knowledge into practice. Part of the day is split into two separate tracks: one for utility buyers focused on the best strategies for fuel procurement, and another track for non-utility attendees centered on sales and marketing strategies.

The primary aim of UxC's Nuclear Fuel Training Seminar is to provide a thorough nuclear fuel market education. Ample time for questions is included, both on a formal and informal basis, to ensure that attendees obtain maximum benefit from their time with UxC experts as well as through interactions with fellow participants.

**Agenda:** Please see our product flier in Adobe Acrobat PDF format, or contact Eric Webb at [eric.webb@uxc.com](mailto:eric.webb@uxc.com) for a detailed course agenda.

## Seminar Materials

UxC provides all presentation slides and additional information electronically to follow the lectures throughout the seminar. Since all presentation materials are provided electronically, UxC highly recommends that each participant bring a laptop or tablet computer to the seminar.

## Target Audience

#### Testimonials

*"For anyone trying to get up to speed on the industry this seminar is absolutely first class and I would highly recommend it. I can also see that this would be very helpful for someone who is knowledgeable in one aspect of the industry who needs to fill in knowledge on other aspects as it is such a comprehensive course."*

*"I would definitely recommend this training to any new utility nuclear fuel procurement personnel. It gives a broad understanding of the nuclear fuel markets, price formation, supply source availability, and utility contracting practices."*

*"This seminar is great for someone transitioning into a commercial role in nuclear fuel and is also an excellent refresher for those"*

The UxC Nuclear Fuel Training Seminar is open to all participants, including: utility fuel buyers and their managers, supplier marketing specialists, traders, investors, and government agency staff, among others. Anyone that is, or will be, exposed to the nuclear fuel markets will gain a new, enhanced perspective from this comprehensive three-day event. *Please note that UxC limits registration to no more than five (5) participants per seminar from any single organization.*

Atlanta Vienna

*that have been in it for a while."*

*"It provides a great high level overview of the industry, which I don't think I would have been exposed to without coming to this seminar. It also is extremely beneficial in being able to meet and network with other individuals and companies."*

*"Very informative and great presenters that have a passion for sharing knowledge. I also enjoyed that the presenters also were genuinely interested in helping and getting to know the attendees."*

## Seminar Venue - Atlanta

UxC is pleased to announce that the dates and location for our 2024 seminar have already been confirmed. We welcome all interested industry participants to plan ahead for next year's seminar, which will be held at the **Intercontinental Hotel Buckhead in Atlanta, Georgia, USA, on June 24-27, 2024**. UxC will be celebrating its 30th Anniversary in 2024, and a very special event will be part of next year's seminar.
